Susan G. Komen race FOR THE cure®

Earn your PhD

Cancer Biology Graduate Program

- Seeking trainees interested in earning a PhD with a focus on breast cancer health disparities.

- The Komen Graduate Training in Disparities Research Grant will provide tuition and a stipend for multidisciplinary training to exemplary students.

- The Cancer Biology Graduate program at Wayne State University will provide trainees with a solid foundation to uniquely prepare them to carry out original investigations in contemporary cancer disparities research.

Undergraduate or masters-level students with a background in the sciences are invited to contact...
